Ingrid was born in London and she grew up there too. When she graduated from university, she got a well-paid job as a computer programmer. People thought she was lucky, but Ingrid was bored. 'My job wasn't challenging. I wanted other things in my life,' she told me. One evening, Ingrid was at the cinema with some friends. They were watching an action film, but Ingrid didn't like it. 'I can write a better film script than that,' she thought. That night, while she was getting ready to go to bed, she had an idea for a story. In the beginning, Ingrid couldn't write well. Her first film script was terrible, but the next one was good. Ingrid decided to send it to a famous film director. 'I sent it as a joke!' she told me. 'But the director loved it and he invited me to Los Angeles for a meeting.

A year later, he made the film and I moved to Los Angeles.'The film, *Max and Miss Jones*, didn't win any prizes at film festivals, but lots of people liked it. Since then, Ingrid has written a few action films and a science fiction film. At the moment, she is writing a fantasy film. She hasn't finished it yet, but she hopes the film studio will like it.
